AMAC Action Statement of Support for the “The One Big Beautiful Bill”

AMAC Action, the advocacy affiliate of the Association of Mature American Citizens (AMAC), with over 2 million members nationwide, supports final passage of the House/Senate “One Big Beautiful Bill” as a bold and necessary step toward securing the financial future of both our nation and its seniors.

This legislation delivers meaningful tax relief by making the small business deduction permanent, encouraging entrepreneurship and helping preserve the legacy of family-owned businesses, many of which are operated by or employ our members. Importantly, the bill also provides long-overdue relief from the death tax, ensuring that seniors can pass down the fruits of their labor without excessive government interference.

We are especially encouraged by the bill’s provision for an additional deduction for seniors. In an era of rising costs, this measure helps ensure that older Americans can live with dignity and financial stability in retirement.

Our members also appreciate the additional border protections in the “One Big Beautiful Bill.” The OBBB allocates billions of dollars to stop the flow of fentanyl into the country, provides funding for 3,000 new border patrol officers, 10,000 new Immigration and Customs Enforcement (ICE) agents, and fully funds the completion of the wall at the southern border.

Finally, we commend the bill’s serious approach to fiscal responsibility. Thoughtful cuts in federal spending are not just prudent, they are essential to the long-term health of our economy and the preservation of the American Dream for future generations.

This bill is a win for seniors, for taxpayers, and for the future of our country. We urge swift passage and full support from lawmakers who value liberty, accountability, and the financial security of AMAC Action members across the country.
