

CONCERNED
WOMEN *for* AMERICA
LEGISLATIVE ACTION COMMITTEE

July 2, 2025

Dear Members of Congress,

As CEO and President of Concerned Women for America Legislative Action Committee (CWALAC), I am writing on behalf of our hundreds of thousands of members across the country in strong support of the One Big Beautiful Bill Act to be passed out of the House of Representatives. CWALAC will score in favor of passage to include in our annual scorecard.

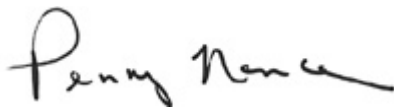

This pro-family budget prohibits forced taxpayer funding towards big abortion businesses and expands the Child Tax Credit to grant American taxpayers greater flexibility to invest in the needs of their families. These provisions mark meaningful steps towards the support, investment, and attention America families deserves from their elected representatives.

For too long, Congress has robbed the American taxpayer and used their hard-earned wages against them. Last year, one abortion provider alone received nearly \$800 million in federal funds. Meanwhile, the business leveraged these resources to promote harmful initiatives that actively attack our communities through abortion, transgender agendas, and anti-family political campaigns.

We are grateful Congress is taking action to reverse these trends. Rather than promoting death and harm, this bill returns these funds to the taxpayers and incentivizes investment in American families and their specific needs.

We urge you to vote YES on the House's consideration of the One Big Beautiful Bill Act. We will reflect your support in our annual scorecard.

Sincerely,

Penny Young Nance
CEO and President
Concerned Women for America LAC
