Elite Catering & Event Professionals

ECEP Supports Passage of the One Big, Beautiful, Bill

The Elite Catering & Event Professionals (ECEP) supports the passage of the One Big, Beautiful, Bill (OBBB) for its advancement of policies that promote the strength and resilience of domestic businesses.

ECEP is a collaborative network representing top catering, events, and hospitality companies across the United States. Collectively, our member companies generate more than \$615 million in annual revenue and employ tens of thousands of workers. While deeply rooted in their local markets, our members also operate professional and collegiate events at some of the world's most high-profile stages—including but not limited to the Olympics, Super Bowls, PGA Tour Golf, Formula 1 Racing and the World Cup 2026.

The OBBB secures critical elements of the Tax Cuts and Jobs Act (TCJA) which enable the catering and events industry to grow and drive national job creation. Additionally, its expansion of Section 179 expensing provisions provides fundamental support for small business operations and workforce stability across the industry, protecting capital necessary for reinvestment into businesses and the U.S. economy.

ECEP encourages swift passage of the OBBB to ensure continued opportunity and expansion across both the catering and events industry, and the broader economy.
