Vice President, Government Affairs  
ConocoPhillips Company  
325 Seventh Street, NW  
Suite 1200  
Washington, DC 20004

May 4, 2025

The Honorable Bruce Westerman  
Chairman, Committee on Natural Resources  
U.S. House of Representatives  
Washington, D.C. 20815

Dear Chairman Westerman:

On behalf of ConocoPhillips, we deeply appreciate your support for the responsible development of our federal lands to meet the energy needs of our country and to enhance energy security for Americans and the world. The Committee's proposed title to the FY 2025 budget reconciliation legislation will enhance our ability to achieve both of these goals. We strongly support this legislation.

President Trump has laid out an ambitious energy agenda and this legislation will be key to increasing energy production and development on federal lands. It will be particularly helpful in achieving the goals of the President's Executive Order 14153, *Unleashing Alaska's Extraordinary Resource Potential*. For more than 50 years, ConocoPhillips has been safely and reliably developing Alaska's oil and gas resources. This legislation is an important step forward to restoring a balanced approach to energy production from federal lands.

Thank you very much for your leadership in Congress on natural resource issues. Please let me know if we can be of assistance to you on this or any other matter. I can be reached at 202-833-0914.

Sincerely,

A handwritten signature in blue ink that reads "Kevin J. Avery". The signature is fluid and cursive, with a horizontal line drawn across the bottom of the name.

Kevin J. Avery  
Vice President  
Federal Government Affairs
