Dear Representative:

On behalf of the over 3 million members and supporters of the Faith & Freedom Coalition, I urge you to vote “YES” on H.R 7296/S. 1383, the SAVE America Act, which is expected to be voted on in the House of Representatives this week.

Faith & Freedom Coalition will score the vote on the SAVE America Act on our 119th Congress Congressional Scorecard. Your vote will appear in tens of millions of Congressional Scorecards delivered to targeted voter households as well as voter guides distributed in over 119,000 churches nationwide.

The SAVE America Act is based on the most common sense American ideal; only U.S. citizens should be allowed to vote in our elections. States must verify citizenship through valid government issued identification to both register and vote. Additionally, states must remove non-citizens from their current voter rolls.

Recent polling has shown that approximately 80% of Americans, regardless of political party, gender, or ethnicity, support verified citizenship identification to register and vote in our elections. As the world’s foremost Constitutional Republic, the United States must lead by example ensuring that voting integrity is safeguarded and election results can be trusted.

For these reasons, we strongly urge a “YES” vote on final passage of this bill and will continue to urge passage of this important legislation in the US Senate. Thank you for considering the views of our members and supporters, who rate protecting America’s election integrity as one of their top concerns.

Sincerely,

David J Bowser
